Perbaikan Status Aktif

The screenshot displays two parts of a system interface. The top part is the 'Edit Sakti' form, which includes fields for 'Idr' (OBAT CAIR (PERSEDIAAN LAINNYA)), 'Kode' (000002), 'Uraian' (NONCORT MND - tdk terpakai), 'Status Aktif' (Aktif selected, Tidak Aktif unselected), and 'user update' (Katalog Gudang). The bottom part shows a SQL query 'select * from mkatalog_sakti;' with its results. The results table has columns: id, id_hdr, kode, uraian, sts_aktif, userid_in, sysdate_in, userid_updt, and sysdate_u. The first row (id=1) corresponds to the item in the form, showing 'sts_aktif' as 0.
